

The Operations Center

27 September 1977

Bernie,

Attached is a follow up of our conversation last Wednesday. These are my views; not necessarily those of any other segment of the Agency.

I have sent a copy of the attached to the DDI and as you will note this has come to you through Jack Blake. Lastly I sent one to John McMahon.

FYI. Gen. Faurer will be in town next week for a Commanders Conference. He asked to see me next Monday 3 October at 1530. If I hear nothing to the contrary I will simply tell him that "the subject is getting urgent and high level attention and a decision should be forthcoming soon."

Vincent J. Heyman

*Thanks - I agree with this
but will wait full staffing*
